Guaranteed Rent. Zero Hassle.

We rent your property on a long-term basis, pay you a fixed rent every month, and host vetted short- to mid-term guests — primarily working professionals and contractors. You receive a guaranteed income while we handle everything else.

How It Works

- 1 You grant us a company let agreement for an agreed term (typically 3–5 years).
- 2 We pay you a fixed monthly rent, whether the property is occupied or not.
- 3 We look after the property, its security, access, and keep it to a high standard for our guests.
- 4 We deal with maintenance issues up to £300 per issue before involving you.

Who Stays In The Property?

- ✓ Working professionals, contractors and corporate guests on short- to mid-term stays.
- ✓ No nuisance guests or parties — we maintain strict house rules for all stays.
- ✓ All guests are vetted before arrival and must agree to our strict house rules.
- ✓ Guests are held fully accountable for damage or rule breaches.

Benefits For You

Guaranteed Rent

- A fixed rent, paid on time every month for the full term, regardless of whether the property is occupied.
- No tenant turnover or empty periods affecting your income.

Hands-Off

- We take on full responsibility for the property. You do not need to be involved in day-to-day decisions.
- No calls, no sourcing tradespeople, no managing check-ins or complaints.

Property Looked After

- We have a direct interest in keeping the property in good condition; it is how we operate our business.
- Regular cleaning and maintenance is handled by us, at our cost.

No Fees

- You receive the full agreed rent every month, with nothing deducted.
- We do not charge management fees, percentages, or any other deductions.
