Compliance & Professionalism

Maroogr acts as legal landlord to all occupiers, taking on all tenancy, licensing, and safety obligations. We protect occupier deposits in government- authorised schemes and hold all required licences. Our agreement sets out clear end-of-term procedures. You are welcome to review it in full and seek independent legal advice before committing; we encourage it.

Get In Touch

We are happy to arrange a no-obligation call or visit at a time that suits you.

Understanding Our Company Lets

We rent your property on a long-term basis, pay you a fixed rent every month, and host vetted short- to mid-term guests, primarily working professionals and contractors. You receive a guaranteed income while we handle everything, including all occupier and compliance responsibilities.

How It Works

- 1 You grant us a company let agreement for an agreed term (typically 3–5 years).
- 2 We pay you a fixed monthly rent, whether the property is occupied or not.
- 3 We look after the property, its security, access, and keep it to a high standard.
- 4 We deal with maintenance issues up to £300 per issue before involving you.

Who Stays In The Property?

- Working professionals, contractors and corporate guests on short- to mid-term stays.
- All guests are vetted, must agree to strict house rules, and are held fully accountable for any damage or rule breaches.
- Your relationship is with Maroogr only; we manage all occupier arrangements on your behalf.
